

## ALEXANDRIA.

TUESDAY EVENING, SEPTEMBER 4.

**PRESIDENT JOHNSON'S VISIT SOUTH.**—Prior to his leaving the capital on his northern tour, it has been ascertained that the President expressed a strong desire to visit the leading Southern cities, and if it is at all practicable, the trip will be made early in the ensuing year. Meanwhile, it is not unlikely that he may make a tour of Virginia and North Carolina soon after his return from his visit to Chicago. So says the Washington correspondent of the Philadelphia Ledger.

A Paris correspondent of the New York Herald says that the rule of the goddess, usually so arbitrary, seemed to be completely set at naught by the people in the streets and at the theatres on the Emperor's fête day. All Paris was out and dressed, neat and clean, but there were so many people and so many different styles of costume that it may be said there was no fashion. The writer describes the scene in the church of the Madeleine during the marriage of a foreign princess, and describes the dresses worn by the bride and her friends on the occasion.

Mr. J. R. Davis, a nephew of Mr. Jefferson Davis, arrived at Fortress Monroe, on Saturday last, and spent most of the day with his uncle. His visit has no significance beyond a friendly conference, such as would be natural between two persons so closely allied by the ties of blood and friendship. He had not seen Mr. Davis for some eighteen months, and was greatly surprised to find him in the good health and spirits he is. Mr. J. R. Davis is at present engaged in mercantile business in New Orleans.

Governor Smith, of Rhode Island, has declined to serve as a delegate at the so-called Southern Convention, now in session at Philadelphia. He is of opinion that delegates to any General Convention should be chosen by the people, at meetings called for that purpose, and not by committees, as in Rhode Island, who were chosen for other purposes. Apart from these objections, Governor Smith says he also declines for reasons satisfactory to himself.

An order has been issued from the War Department announcing the acquittal of Major Geo. Confederate commandant of the prison at Salisbury, North Carolina, who was tried by court-martial at Raleigh, N. C., charged with ill treatment and murder of Union prisoners under his charge at that place.

The expedition in aid of the liberal cause in Mexico, under command of Colonel Lewis Lee, late commandant of Fort Mason, Arizona, Major Richardson and others, sailed on Saturday from San Francisco for San Diego. The steamer Saranac sailed for Mexico on Sunday.

A petition for the pardon of Dr. Mudd is in circulation among the citizens of the lower counties of Maryland, and is being very generally signed. It will be presented to President Johnson on his return to Washington.

The Union Company's Cape Royal Mail steamer, Northampton, which arrived at Plymouth on Wednesday, the 15th instant, with the Cape mail, brings news of a frightful tragedy recently perpetrated in New Caledonia, employed as a French convict establishment. His Imperial French Majesty's war steamer Fulton, from New Caledonia, via Bourbon, for Brest, that put into Algoa Bay on June 27, and left on July 6 for Brest, reported that while she had been cruising round New Caledonia a boat was despatched into one of the rivers out of sight of the ship, for some purpose, and not returning, much anxiety was felt respecting it. The steamer then went up the river in search, and upon a small island discovered remains, which left no possibility of doubt that the unfortunate man had been captured, and then killed and eaten by the natives. The Fulton then proceeded further inland, and some natives who were taken admitted that the conjectures of the ship's crew were correct; that they had come suddenly upon the boat's crew, taking them to an island, killed them there by splitting their skulls with axes, and had then cooked and eaten them. The officers and the crew of the ship, highly exasperated at these horrible details, proceeded to take summary vengeance upon the savages and killed every one they came in contact with, and set fire to their villages. In addition to those who were burned, no less than one hundred and fifty were either shot or bayoneted.

## The Cholera.

ST. LOUIS, September 2.—The deaths from cholera yesterday were about 60. Incomplete mortality reports for the week ending on Friday, show three hundred and thirty deaths from cholera. About four hundred and fifty is probably the true number of deaths for the week, which is only one third the number of interments for the preceding week.

PHILADELPHIA, September 3.—For the week ending September 1st, 58 deaths from Asiatic cholera have been reported in this city.

PHILADELPHIA, September 3.—The cholera reports for today show 11 new cases and six deaths. The weather is excessively hot.

A PROBLEM.—The following novel question has been submitted to the Lynchburg News for publication: "Suppose a man and a girl were to get married; the man 35 years old and the girl 5 years; this makes the man seven times as old as the girl, and they live together until the girl is ten years old, this makes the man forty years old, and four times as old as the girl; and if they still live together until she is fifteen, the man would be forty-five; this makes the man three times as old, and if they still live on till the girl is thirty years old, this makes the man sixty, only twice as old, and so on. Now how long would they have to live, to make the girl as old as the man, at the same rate of reasoning?"

## NEWS OF THE DAY.

"To show the very age and body of the times."

William and Frederick Hall, aged 11 and 7 years, sons of Thomas Hall, Mass., on Wednesday last, when the youngest boy fell overboard. The eldest immediately shouted, "Hold your breath, Freddie," (having been informed by his father that the precaution would cause persons who were in danger to reach his brother, and exerted himself to reach his brother, which he succeeded in doing, after the little fellow had risen the third time, being warned at each appearance to "hold his breath.")

Portus Baxter, candidate for re-election to Congress from the Third District, Iowa, has brought a libel suit against the Iowa Free Press, laying his damages at \$10,000. It is stated that he has also procured Times to be prepared for service on the Burlington Whites, and on Hon. Daniel Roberts, both for libel.

The St. Joseph (Mo.) Union says that farmers residing a few miles south of that place represent the frost, on the morning of August 21, so thick on the fences that they could write their names legibly in it. Not a week previously the thermometer in that region indicated a temperature of 100 deg., and even higher. A prize fight took place on Sunday between Ted Romley, of Brooklyn, and John Cody, of Redhook, near Sheephead Bay, below Brooklyn. Thirty-nine rounds were fought, the fight lasting an hour and ten minutes, and Romley was declared the winner. No arrests were made.

A number of the leading merchants of St. Louis have signed and issued a circular, denying the continued existence of cholera as an epidemic in that city. They say the rumor has been published by certain parties in Chicago to frighten country merchants from going to St. Louis to buy goods.

The young man reported killed at the recent camp meeting riot near Baltimore is in a fair way of recovery. A negro has been arrested by the Anne Arundel county authorities, who are trying the case, charged with being concerned in the riot and threatening to shoot a white man.

Mrs. Samuel Hoar, of Concord, Mass., died on Wednesday. She was the last surviving child of Roger Sherman. Her age was 85.—Judge Hoar, her husband, who died about five years ago.

Bad temper prevails in Canada at present, owing to the escape on Saturday night of Mike Murphy and five of his comrades, all Fenian prisoners, from the jail at Cornwall.

## DIED.

In this city, on the 4th instant, of cholera infantum, MARY ELLEN, only daughter of George and Indiana Davis, aged 18 months.

After careful and deliberate consideration on the part of the Original Union Virginians and a number of Northern citizens of this State, all of whom felt that they would not only be misrepresented, but grossly misrepresented, at the Convention proposed to be held at Philadelphia, on the 2d inst., and deemed it proper to call a meeting of the undersigned body of men of this city on last Saturday evening, for the purpose of denying the right of self constituted delegates to represent them at Philadelphia, and to there and then declare their approval of and adherence to the policy of the President, but, on the contrary, to harmonize and cooperate with them. (By) B. F. McGRAW and OTHERS.

The true objects of this proposed meeting seems to have been misunderstood by a portion of our citizens, who perhaps regarded it as an effort on the part of the Union Virginians to remodel Virginia, and induced a large number to attend the meeting for the purpose of effecting any action taken by these would be remodelers of our State Government, consequently the whole matter became a failure so far as the original objects of the meeting were concerned. The organizers of the meeting propose to hold another meeting for the same purpose to-night, and hope that no one who has the interest of Virginia; the success of President Johnson's policy, or the denial of the Loyal men of Virginia, native or adopted, to the principles of the Fugate Philadelphian Convention at St. Louis, will prevent them from a free, and unmistakable expression of opinion on these subjects.

Very Respectfully Yours,  
BENJ. F. MCGRAW,  
Late Captain U. S. Vols.  
J. JOHNSTON,  
SAML. HESLEBOWER,  
D. F. DULANY,  
AND OTHERS.

P. S.—We beg it may be borne in mind that this movement is not intended to be antagonistic to any other here, or elsewhere, whose object is to sustain the policy of the President, but, on the contrary, to harmonize and cooperate with them. (By) B. F. McGRAW and OTHERS.

Many of the readers of the *Gazette* are anxious to know whether the "Thomas Prentiss Healey," over whose signature an article appeared in your paper of yesterday, is the same Henry who is indebted to several parties in this city, for boarding &c. If so, he may rest assured the name of "Yank" will be preserved, unless he settles up.

TO THE MERCHANTS OF ALEXANDRIA.

Merchants of Alexandria, who wish to secure the custom of the business men of this portion of Virginia, would do well to advertise in the CULPEPER OBSERVER, one of the handsomest papers in the State. It has a large and increasing circulation in the counties of Culpeper, Orange, Madison, Rappahannock, Fauquier, Spotsylvania, Louisa, Greene and Albemarle.

It is believed to be as good an advertising medium as any other paper in Virginia.

Advertisements solicited. Address,

**ASIATIC CHOLERA.** **PREVENTIVE CURATIVE.**

The cause of Cholera is always found in a deranged state of the digestive fluids, particularly the bile which has been put in disorder by climatic or other atmospheric causes. The bilious ducts are thus prevented from fulfilling their duty, and consequently the whole circulation is thrown into disorder. The more one's system is thus deranged by unhealthy eatables, or irregular habits of living, the more easy will we become the victims of ASIATIC CHOLERA.

Asiatic Cholera is a terrible complaint; it takes its victims with a rapidity unknown to any other malady; the slightest neglect against sanitary rules is almost surely punished with death. Yet Cholera is curable, like other diseases, and in this Eliza we possess a remedy which is a perfect safeguard against it. Experience in thousands of cases, particularly in 1850, in Germany, and in the Cholera season just past in many, and in the Cholera season just past in many, has proved the utility of PROF. WUNDERM'S CHOLERA ELIXIR the surest preventive against the malady.
